Annex A

Mandatory Monitoring

Under DOLE guidelines, employers shall monitor the health status all employees who are performing their duties on a daily basis. Everyone is expected under RA11469 "Bayanihan to Heal One Act" to provide truthful information for the purpose of controlling the spread of COVID-19.

All employees who are not on leave must complete the online form on the Employee Portal at least one hour (1) before the shift. If you are unable to submit the form, you must call HR before leaving home. Submitting the online form, however, does not exempt an employee from participating in our client's own security and health screening procedures.

Human Resources may request for other relevant information for health screening purposes and has authority to instruct an employee to not proceed to the worksite, including client premises until any potential health or safety risk has been cleared.

Data Protection

Our company is committed to protecting personal data. Your personal information is protected by RA10173 "Data Privacy Act of 2012". The information you provide us will not be shared with non-government entities without your consent.

Our HR, OSH, and Security personnel are authorized to collect and process personal information such as full name, email address, contact numbers, place of residence, copy of valid ID, travel history, and health status during health screening for the purpose of limiting the exposure of employees and clients to any health risks.

When you voluntarily provide our company your personal information on this form, you give your consent to process such data in fulfillment of the purposes for which the data was obtained for twelve (12) months, after which data will be erased.

For any concerns on data privacy, you may contact our Data Privacy Officer at the email address shown in the privacy policy posted on our company website or call us at our company phone number/s.

Work-From-Home Capability

In compliance with the Telecommuting Act of the Philippines and DOLE guidelines due to COVID-19 employees with jobs that are eligible for temporary remote working or work-from-home will be asked to sign a Telecommuting Agreement with the Human Resource to ensure that everyone is aware of authorizations, security, and productivity policies while performing duties away from the office. These policies will also be posted on the Employee Portal Library. Please expect to be contacted by HR on this matter within this month of May 2020.

By sending this form, you confirm the truthfulness of the information you disclosed, that you read and understood the data protection notice shown on this site, and that you acknowledge that you may be subject to disciplinary actions for false declarations on health screening procedures. You agree to update HR via this form, for any changes on the previous information you have provided us.
